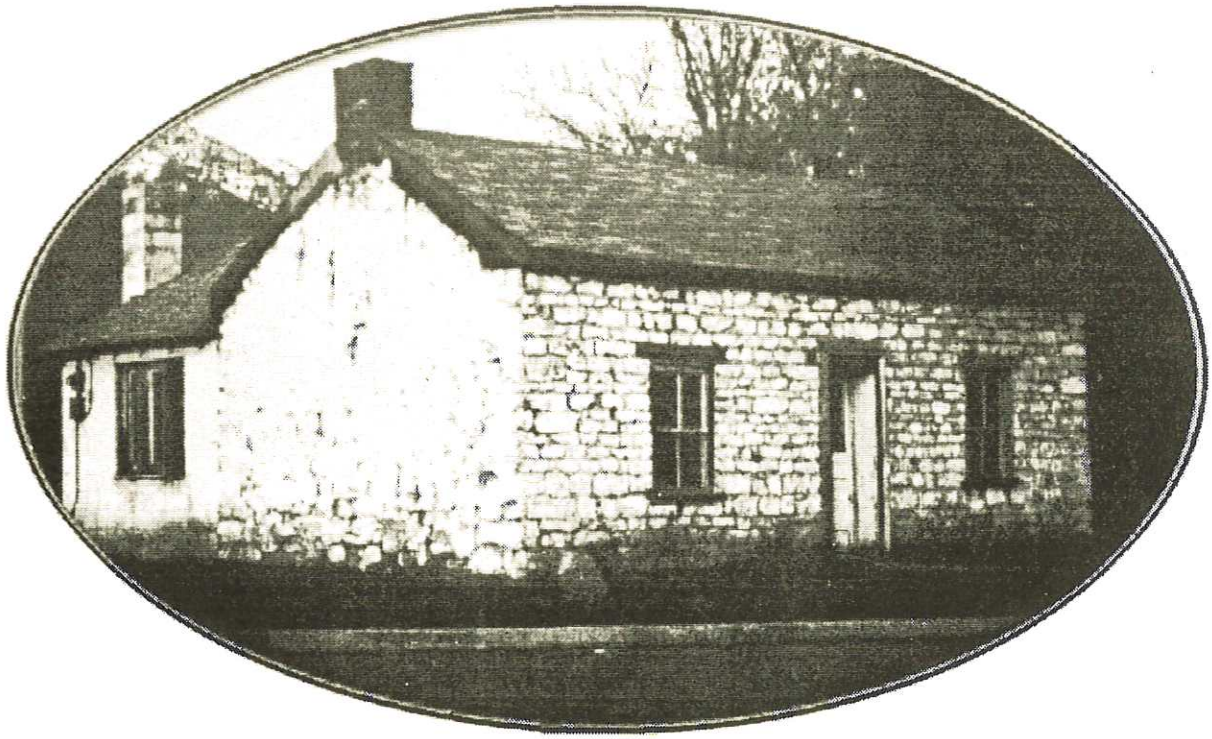
Lindon Days 1995

Linking Our Heritage



Lindon City Park
August 5-12, 1995

nk all Realtors in Utah are alike?
Think Again.

• RE/MAX Sales Associates lead the industry in advanced education certifications. **No other national real estate organization has a higher percentage of agents with certifications.**

•Sales Associates affiliated with RE/MAX are part of a network of more than 39,000 agents in the United States, Canada, the Caribbean and Mexico. **A property listed with RE/MAX is more likely to be exposed to out-of -town buyers.**

• On average, RE/MAX Sales Associates in Utah helped more than 25 families buy or sell homes in 1994, a per-agent productivity level that is far above the industry average as reported by the National Association of REALTORS.

•**RE/MAX offices recruit only experienced, full-time, top-producing agents.** Many real estate companies recruit trainees or part-timers.

The Lindon Fair Days are once again fast approaching and I would like to take this opportunity to invite all the "old" and "new" members of the Lindon community family to join us in our annual celebration. This gives us all a chance to renew old acquaintances and to meet the new members of our great City. During the past year we as a City Council have been able to meet last year's number one goal of updating our General Plan (Master Plan). We want to thank everyone for the many dedicated hours that were involved in accomplishing this goal and we invite all to become familiar with the final product. We also want to thank all citizens for their input as the process of completing the General Plan advanced and was completed. We feel we have accomplished a great deal during the past year and have many goals for the coming year. We hope that if you as citizens have any concerns or suggestions you will feel free to contact myself or a member of the City Council. I want to thank the Lindon Fair Committee for their willingness to donate their time and talents to make the fair possible and invite all to join in our celebration.

Scott J. Cullimore
Mayor

Grand Marshalls

This year the Lindon Days Committee are proud to have selected Louie Thorne Gillman and Thelma Gillman Gillman as our Grand Marshalls. Louie and Thelma are both native "Lindoners" and are a great part of Lindon's heritage.

Thelma was born February 3rd, 1903 in the home that is now Louie's, at 584 West Gillman Lane. Thelma worked in the Cullimore Mercantile on State Street for approximately 12 years, beginning when she was 17. She remembers shoppers trading eggs for other supplies and many times when a child would bring in a single egg for a healthy sized scoop of candy. Thelma married Leland Gillman during September of 1943 in Las Vegas. Thelma and Leland were not blessed with children of their own but, lovingly, helped raise the children of neighbors and relatives.Thelma has worked in all the church organizations, serving as President, coumselor, secretary or teacher. Her hobbies include tatting, crochet, gardening (yes, she still weeds and waters). Thelma is still the first in the neighborhood with her spring cleaning done and even does her own windows.

Louie was born December 3rd, 1906 in a two room rock house at 300 North 130 West. She was assisted into the world by a midwife who took butter, eggs, flour and vegetables as her pay. Louie spent much of her girlhood working on the farm and continued to help in the fields after her marriage to Alvin Snow Gillman in March of 1927. She is the mother of seven children, six boys and one girl.Louie has also served in all the church organizations. She was a ward Relief Society President and a counselor in the Stake Relief Society Presidency, amongst many other callings. Louie has loved sewing all her life, learning to quilt at her mother's side. Louie has made quilts for all her children, grandchildren and great grandchildren until number fifty arrived! She made formals and her daughter's wedding dress on a treadle sewing machine.

Writing histories has been a big part of Louie's life and we all appreciate the hours of research, dedication and love that went into the compiling Lindon, Our Town.

Louie and Thelma remember the Lindon of their childhood as one big family. Neighbors helped each other in times of need - harvesting crops and helping new mothers with canning. There was no class distinction - everyone worked for the good of all. (It sounds like a great system.) These ladies lived without indoor plumbing until after World War II and cooked on coal stoves. On behalf of the citizens of Lindon, we say thankyou to Thelma and Louie for all you have done and for the example you are to all of us here in Lindon.

Little Miss Lindon Royalty includes, left to right, third attendant Lacey Griffin, second attendant Bethany Olsen, Little Miss Lindon Amy Worthington, first attendant Taylia Clegg and fourth attendant Lindsay Lemone.

1st Attendant Jody Ashton

Pictured Queen: Teisha Berry

2nd Attendant Chelsea Best

Since this picture was taken Jody Ashton has stepped down. Chelsea Best is now 1st Attendant and Mandy Ashton is 2nd Attendant.

Reading Crusade Celebration

The Lindon Character Connection invites all member of the community to join Merlin the Magician as he knights our community to the Reading Round Table on Saturday, July 12 at 2 PM at the Lindon Park. Help us celebrate our successful crusade of reading ONE MILLION pages. School community and religious leaders will present the "Crazy Deeds" they committed to to encourage the success of our crusade.

Thanks to all who supported reading and reported their pages!

Anyone interested in getting involved with the Character Connection, please call Teresa Griffin at 785-2239.

R.M.A. is a third generation corporation doing business since 1949. We specialize in good service that keeps clients coming back. Our services include design and building capabilities, critical path scheduling, quick access to any job site through the use of our corporate plane, weekly job site photographs, assistance in obtaining financing, and a good history of early completion of projects.

A few of our more recent projects include hotels, government buildings, hospitals, laboratories, and security facilities..

We make every effort to create an environment where our clients feel the same enthusiasm at the completion of the project as they felt at its initial inception.
